

# STUDY IN CANADA

## About Canada

Canada is a federation of ten provinces & three territories It is a multicultural country and is consider to be a safe, clean and peaceful country

Canada has been ranked as one of best place to live on the globe according to the United Nations and is the second largest country in world after Russia Canada is a geographically vast country and offers diverse cultures within its borders

## Weather

Canada is a huge country, stretching from the Pacific to Atlantic Ocean and covering five time zones, so you can imagine that the weather in Canada varies widely depending on where you are.

Canada has four distinct seasons, with temperatures cooler overall in the northern territories and milder on BC's west coast. Temperatures and climate from BC's interior east to Newfoundland are comparable, with variances depending on latitude and mountainous topography.
